Prague Transport

relocation of the “Budějovická” stop in the Budějovická- Michle direction

Due to construction of the metro D line and the closure of Na Strži Street, the Prague Integrated Transport Company has temporarily moved the Budějovická bus stop. This change concerns lines 118, 121, 124 and 170 in the direction of Budějovická - Michle. The new stop is located by Kolkovna Restaurant in Vyskočilova Street, past the intersection with Budějovická Street, approximately 200 metres from the original stop in the direction the buses travel.

For capacity reasons, the Brumlovka shuttle will not be travelling to this stop. Lines BB1 and BB2 will depart from the standard location as you are used to.

The change in departure stop will apply until further notice and is highly likely to be repeated at irregular, previously unknown, intervals.

Traveler's Evening: Pilgrimage to the Gates of the Orient

When: Wednesday, May 17, from 5:30 pm

Where: Sommellerie, Filadelfie building, Želetavská 1525/1

More than 2,000 kilometres on foot and one dream come true - to walk to Asia. With just six kilos on her back, traveller Nicolette Havlová spent 104 days walking from her native Havířov, through Slovakia, Hungary, Romania, Serbia and Bulgaria to Istanbul in Turkey.

What is it like to be alone in the mountains, to face attacks from herding dogs, to (not) let yourself be married off at the Romanian-Serbian border, to have a stray puppy as a partner for the last hundreds of kilometres and then to hitch-hike back home in record time in less than 72 hours? How does one get close to the wilderness and find their way to their own heart at the same time?

We will learn all this and much more during this interesting travel lecture.

Brumlovka Talks

When: Wednesday, May 31, from 6:00 pm

Where: online on Brumlovka FB profile

Brumlovka Talks is our talk show, where we invite personalities, whom we feel have something to say and whose work or personal life is somehow associated with Brumlovka.

This month: Petra Langerová and Michal Zuza, GENIUS Kindergarten

Petra Langerová and Michal Zuza see each other not just professionally, but also in their family relationship. They run three Czech-English kindergartens together - the GENIUS Kindergartens in the Brumlovka, Strašnice and Smíchov districts in Prague, and they recently established the GENIUS Primary School, which is seamlessly linked to their innovative approach to kindergarten education. They each have their role to play. Petra oversees the setup and implementation of the educational process and its content and Michal oversees the finances, processes and administration. They are united by a shared vision of modern education, based on an individual approach to each person and the incorporation of modern methods such as Growth Mindset, Mindfulness, Critical Thinking, NTC Learning, the involvement of technology and AI and others in the educational process.

The show is hosted by Eduard Forejt.

Mandala Montessori: The tiger of human vanity

You'd be hard pressed to find a white tiger in the wild. Because this is not a native species, but an artificially bred form of the Indian tiger. In 1951, the Maharaja of Reva liked the light colour of the coat of a tiger cub he had just caught so much that he decided to breed it. This was the beginning of the breeding of this tiger, which has become not only a popular attraction, but also a target for traffickers who sell them for huge sums to illegal breeding farms.

Inbreeding has caused white tigers to suffer from a myriad of genetically linked physical and health problems. However, breeders continue to breed them, arguing that they are saving a rare species for future generations.

Join us if you are fascinated by white tigers... you can pass our tigers on to the next generation with a clear conscience.

Cruffins from the ZRNO ZRNKO bakery café

You don't know what a cruffin is? It's a „cross between“ a croissant and a muffin. This sweet pastry is baked in a muffin tin, but unlike regular poured dough, it is made with croissant dough. Once the cruffin is baked and cooled, it is filled with various jams, pastry creams or flavoured quark and then decorated.

This delicacy is a fairly recent invention - it was first created 10 years ago in Melbourne, Australia, and then popularised in San Francisco, USA.

The Zrno Zrnko bakery currently offers cruffins in two versions - filled with pistachio cream and decorated with freeze-dried raspberries, and with cherries and cream made from high-quality dark chocolate. However, Salted Caramel - Cheesecake and Italian Vanilla Cream with Strawberry versions will be added before the summer.

Repairs to the 5. května underpass

The spring weather allows us to carry out planned repairs to the blue paint on the underpass connecting the Budějovická housing estate with Brumlovka. This work will be carried out in the following weeks and half of the underpass will always be passable.

Thank you for your patience, you'll be walking through a slightly nicer area again in just a little while.

Brumlovka.
