Pedestrians and Drivers on the Želetavská Street

As the new school year begins, we would like to remind you all of the rules for traffic and crossing Želetavská St. It is a mixed zone with a **reduced maximum speed for cars of 30 km/h**. Pedestrians can cross anywhere on the street, but they do not have right of way in preference to cars.

We would therefore like to ask drivers to keep to a **maximum speed of 30 km/h** and to pay increased attention with the return of pupils to school after the summer holidays.

We would like to ask pedestrians to be extra careful when crossing.

THANK YOU FOR RESPECTING EACH OTHER.

When: Wednesday, September 21, od 5:30 pm

Where: Sommellerie, Filadelfie building, Želetavská 1525/1

Morocco, as the closest "orient", is only a couple of hours away for Europeans by plane. Despite the combination of African, Arabian and European traditions, Morocco has retained its unmistakable charm of a desert country with the typical Atlas Mountains.

With the traveller Marek Kovář, we will go to a country with a specific mentality of people and way of life that appears incomprehensible to us. Or, as the locals say: "You Europeans have watches, we have time!"

Young Wine Season at Sommellerie

or All Young Wines Are Different

Lovers of young wine (“burčák” in Czech) are coming into their element. At vineyards, the harvesting of the first early varieties is in full flow. From the start of September, honest Moravian young wine will be on sale, as is traditional, at Sommellerie.

Don't forget that on the Czech market the word “burčák” can only be used for a drink that is made solely from Czech grapes. If it is produced from foreign grapes, it has to be called “partially fermented grape juice”.

So come and try honest-to-goodness young wine at Sommellerie.
