Jordan: A kingdom of adventures

WHEN: Wednesday, March 9, from 5:30 pm

WHERE: Sommellerie, budova Filadelfie, Želetavská 1525/1

What are Christmas and New Year's Eve like in a country where Christmas is not celebrated? Where did the Nabataeans go after carving the mysterious city of Petra into the rock and how do the Bedouin live today? Jordan is a country with a history going back thousands of years and the most stable country in the Middle East. Not even the Jordanians themselves know why their currency is so strong. Topi Pigula, who got to know the country by travelling independently with his partner Světlana, will guide us around the countryside and the monuments. When there were no buses, they hitch-hiked...

Dishwashing Beyond Comfort and Perfection

The fully-integrated XXL ASKO DF1676GXXL/1 dishwasher with four baskets and three spray arms has the largest capacity in the world – it will ensure the wonderful cleanliness of up to 17 place settings, consisting of almost 200 items. Not only is a great in terms of the capacity for results and economy, but it will also serve you for a long time. No other material can withstand what steel does.

And this is the reason the eight most important components in a dishwasher are produced from high-quality steel, not plastic. They are the washing container, washing basket, spray arms, spray pipes, sieves, outer base, legs, and heating. In addition to a whole range of programmes, including special ones, there is also inner lighting and a self-cleaning programme for comfort beyond perfection. On display in the ASKO showroom in Prague.
