

## Public Parking Fees at BB Centrum

Tired of circling the parking lot looking for a space? That won't happen at BB Centrum. Check out what's new regarding parking for 2018.

Visitors to the complex have several 24-hour public parking lots at their disposal. On normal workdays, you'll pay **CZK 50 per hour for parking**; at night and weekends, **parking costs just CZK 10 per hour** in the underground garages. If you'd like to take advantage of weekend parking for more than 15 hours (between Friday 4 p.m. and Monday 7 a.m.), you'll pay a total of CZK 150 as of the new year. We also look out for those of you who need to restock your shops – **parking is free for 15 minutes for loading and unloading**. Electric car chargers are available at three of our parking lots.

## Coming Soon at BB Centrum: New Brumlovka Square

As part of the continuous development of the complex and cultivation of public spaces, BB Centrum is preparing to embark on another project. This year's projects include **the creation of a central square** in front of the BRUMLOVKA Building, where you can look forward to new palaces to sit and relax, seasonal and thematic markets, as well as cultural events. In a similar spirit, the spaces between the BRUMLOVKA and ALPHA and BETA Buildings will also undergo revitalization.

In connection with the creation of the new square, **the parking lot in front of the BRUMLOVKA Building will be permanently closed** as of the beginning of February. Instead of this parking lot's, take advantage of the public parking spaces in the BRUMLOVKA building, which we have recently revitalized for you or other public parking lots.

## BB Centrum Tenants Get 10% Off At Bomtom

BB Centrum tenants **get a 10% discount on all services and products** at Bomtom Studio. You can choose from their wide range of products specially designed to treat your hair during this time of the year.

During the winter, the cold weather affects your hair, dehydrating it. It's important to use hydrating products, such as the Moisturising line from Sachajuan. Try their shampoo and conditioner or their Hair Oil, which helps reduce static electricity. To further protect your hair, try their Leave In Conditioner, which you apply to your hair before going out.
