

# Don't worry about packages!

Blocks will take care of all deliveries coming your way safely and free of charge

## How it works?

1 Register in [our app](#) or at [my.blocks.cz](#)

When filling out an order form on any eshop:

- 2
- Add **"Blocks"** before your name
  - Add your **phone number**
  - Add your **delivery address**
  - Pay your purchase online

Your order

Name

Address

Phone number

3 When your package arrives, you'll get an SMS with a special code to open the box with your parcel

Cannot be used for cash on deliveries

## How to pick up your parcel?

1 On the main screen select **"Pick up package"** option and insert a PIN code which was delivered to you

If you have our app, open your delivery right from app or tap **"Scan"** and scan QR your code

2 Pick package and close the box

## Need to exchange items with colleagues?

1 Tap **"Deposit package"** on the main screen. Add your colleague's phone number

2 Select a box size, place your package in and close it

3 A recipient will automatically get an SMS with an access code

The recipient doesn't have a Blocks account? No problem! Use your phone number instead, and forward him the access code
